PROFESSIONAL SUMMARY

Computer Science engineering student at Visvesvaraya Technological University with hands-on experience in full-stack web development using the MERN stack. Built and shipped three independent projects: a personal portfolio website (HTML, CSS, JavaScript), Shopzo, a mini e-commerce website with product listing and cart functionality (HTML, CSS, JavaScript), and a Gradient Palette Generator tool for designers (HTML, CSS, JavaScript). Strong foundation in data structures, algorithms, and version control, with a focus on writing clean, maintainable code and delivering functional, user-friendly applications.

TECHNICAL SKILLS

Languages: JavaScript, Python, C++, HTML, CSS

Frontend: React, Tailwind CSS, Bootstrap, HTML5, CSS3

Backend & Database: Node.js, Express.js, MongoDB

Tools & Platforms: Git, GitHub

PROJECTS

Personal Portfolio Website

HTML, CSS, JavaScript

- Designed and developed a fully responsive personal portfolio website to showcase projects, skills, and background to prospective employers and collaborators.
- Implemented clean, semantic HTML structure and custom CSS styling with a focus on layout, readability, and cross-browser compatibility.

Shopzo – Mini E-Commerce Website

HTML, CSS, JavaScript

- Built a mini e-commerce website featuring product listings, product detail views, and an interactive shopping cart using vanilla JavaScript.
- Implemented dynamic DOM manipulation for cart operations (add, update, remove) without any external framework, reinforcing core JavaScript fundamentals.

Gradient Palette Generator

HTML, CSS, JavaScript

- Developed a browser-based tool that generates random and customizable CSS gradient color palettes for designers and developers.
- Added one-click copy-to-clipboard functionality for generated CSS gradient code to streamline the design workflow.

EDUCATION

Visvesvaraya Technological University (VTU)

Bachelor of Engineering, Computer Science | Belagavi, Karnataka 590018 | Expected Graduation: 2028

RELEVANT COURSEWORK

Data Structures & Algorithms, Design and Analysis of Algorithms, Discrete Mathematics, Database Management Systems, Object-Oriented Programming
